

Switch2 Software Instructions (Windows version)

Once you've successfully downloaded Switch2 Software to both your computers, you can switch between computers using a desktop icon or a keyboard hot-key sequence.

Desktop Icon

To switch computers using the desktop icon, right-click on the  icon in the taskbar in the lower-right corner of your screen. Then select one of three switching options:

- “Switch All” – Switches your monitor, keyboard, mouse, and speakers
- “Switch Audio” – Switches your speakers only
- “Switch Video” – Switches your monitor, keyboard, and mouse only

Hot Keys

To enable hot keys for your computers, right-click on the  icon in the taskbar, select “Options”, and then select “Enable Hotkey Switching”. To switch computers using hot keys, press the “Ctrl” button on your keyboard twice in rapid succession. This is the default hot-key sequence. To change the hot-key sequence, right-click on the  icon, select “Options”, and then choose a new switching key.

Switch2 Software Instructions (Mac OS® version)

Once you've successfully downloaded Switch2 Software to both your computers, you can switch between computers using a desktop icon or a keyboard hot-key sequence.

Desktop Icon

To switch computers using the desktop icon, click once on the  icon in the menu bar in the upper-right corner of your screen. Then select one of three switching options:

- “Switch All” – Switches your monitor, keyboard, mouse, and speakers
- “Switch Audio” – Switches your speakers only
- “Switch Video” – Switches your monitor, keyboard, and mouse only

Hot Keys

To enable hot keys for your computers, click on the  icon in the menu bar, select “Options”, and then select “Enable Hotkey Switching”. To switch computers using hot keys, press the “Ctrl” button on your keyboard twice in rapid succession. This is the default hot-key sequence. To change the hot-key sequence, click on the  icon, select “Options”, and then choose a new switching key.
